Honorable Dan E. Garvey  
Governor of the State of Arizona  
Phoenix, Arizona

Dear Governor Garvey:

Please refer to previous correspondence between our respective offices concerning disposition of the captioned Agreement which covers the construction and operation of a fuel unloading pipe line and portions of an underground steel storage tank on Southern Pacific Company property at Fort Huachuca, Arizona.

As we have not heard further from the State of Arizona on this matter, it is respectfully requested that you urge the Arizona National Guard to enter into appropriate arrangements with the Southern Pacific for a new agreement, in order that the existing agreement may be terminated.

Any action that can be taken by your office to hasten completion of this matter will be greatly appreciated.

Very truly yours,

GENERAL SERVICES ADMINISTRATION  
WAR ASSETS
